

1st call for the European EV Mobility Fellowship from GEIVEX/UKEV/GSEV

Scientific Short-term placements in laboratories working on Extracellular Vesicles from Spain, Germany and UK.

The **Grupo Español de Investigación e Innovación en Vesículas Extracelulares** (GEIVEX) the **German Society for Extracellular Vesicles** (GSEV) and the **United Kingdom Society for Extracellular Vesicles** (UKEV) are pleased to announce the launching of the first “International Mobility Fellowships” to foster collaborations among members of these Societies. The fellowship (2000€) should cover travel and accommodation expenses for a one-month stay of an Early Career Researcher (Ph.D. students or Postdoctoral fellows with less than five years’ experience pertaining to at least one of our Societies) in a different Country of the Host laboratory. This period can obviously be extended with other funding. The process will be a single-step selection based on a common application form (downloadable upon registration) indicating the Host and Recipient laboratories, CVs, the scientific objective and interest, the novelty and the expected outcomes. Applications should be submitted to the Secretariats of their own National Societies.

Secretaria GEIVEX, geivexinternationalmobility@gmail.com

Secretaria GSEV, info@extracellular-vesicles.de

Secretaria, UKEV, fellowships@ukev.org.uk

The proposals will be judged by a Board composed of three Board members (President + two board members) from each Country.

Dates

Announcement of the initiative:	12th of August 2019
Deadline for submission:	30th October 2019
Selected proposals:	30th November 2019
Execution of the projects:	January – April 2019

With kind regards

Hernando A del Portillo
President GEIVEX

Bernd Giebel
President GSEV

Dave Carter
President UKEV
